

Hi-Fidelity Prototype: Simulation & Enactment Guide (TOH SI EN ERNNETH, SEAT 34, TEL2)

Checkpoints (Slide Destinations)

- Map → Slide 4
- Directions → Slide 26
- Plan → Slide 30
- History → Slide 39

Global Behaviours & Hotspots

- Menu Bar: tapping any tab routes to its checkpoint slide (above), in the collapsed menu bar state.
- Keyboard Input: demonstrated on Registration — tap “Enter a group name...” to reveal keyboard. Other text fields behave the same.
- Snackbars: appear top-center for 3s with an “Undo” action.
- Dialogs: “Cancel” and “Close” are equivalent (both dismiss dialog).
- Emotion Engine: fully interactive only on Map (Slide 4); in other tabs it only expand/collapse.

Default States

- Emotion Engine: collapsed
- Menu Bar: collapsed
- Map Filters: all ON except “Wait times”

Map (Slide 4): Key Simulations

- Filtering: toggle “Wait times”, “Rides”, “Shows”, “Food”. Enable “Wait times” to interact with other filters.
- Add to Plan: The Robot King “Add to plan” → Confirm (Snackbar) / Undo; or Cancel/Close.
- Remove from Plan: after added, The Robot King “Remove plan” → Confirm (Snackbar) / Undo; or Cancel/Close.
- Attraction Info: tap “The Robot King” list item → Close / “Add to plan”.
- Emotion Engine: Expand → (toggle auto-detection OFF/ON; up/down mood list) → Collapse.
- Menu: Expand / Collapse.

Directions (Slide 26): Key Simulations

- Search: tap field → pick “The Robot King”; use “×” to clear or Close to exit.
- Direct Tap: select “The Robot King” from list to show route; “×” clears.
- View Toggle: in route view, use top-left arrows to switch overview/steps; “×” clears.
- Emotion Engine: Expand / Collapse.
- Menu: Expand / Collapse.

Plan (Slide 30): Key Simulations

- Edit Mode: Edit → Done (cancel).
- Remove: Edit → Remove → Confirm (Snackbar) / Undo; or Close/Cancel.
- Add: (after remove) “Animal Attack” → Add to plan → Confirm (Snackbar) / Undo; or Close/Cancel.
- Emotion Engine: Expand / Collapse.
- Menu: Expand / Collapse.

History (Slide 39): Key Simulations

- Details: “More details” → Close.
- Menu: Expand / Collapse.

Global Exit

- “Logout” hotspot returns to Slide 1 (Landing) at any time.
